## **2026 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT**

### **Introduction**

This report is provided in compliance with the Jeanne Clery Campus Safety Act. It provides students and employees of Schiller International University ("University" or "Schiller") with information on the University's security arrangements, policies and procedures; programs that provide education on such things as drug and alcohol abuse, awareness of various kinds of sex offenses, and the prevention of crime generally; and procedures the University will take to notify the campus community in the event of an emergency. Its purpose is to provide students and employees with information that will help them make informed decisions relating to their own safety and the safety of others.

### **Policy for Preparing the Annual Report**

This report is prepared by the Campus Director in cooperation with local law enforcement authorities and includes information provided by them as well as by the University's campus security authorities and various other elements of the University. Each year an e-mail notification is made to all enrolled students and employees that provide the website link to access this report. Prospective students and employees are also notified of the report's availability. Hard copies of the report may also be obtained at no cost by contacting Sanja Stevic, Campus Director, Schiller International University, Zollhofgarten 1, Heidelberg 69115, Germany, +49 6221-45810. The University is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place that represent best practices in the field and are constantly tested and re-evaluated for their effectiveness.

### **General Safety and Security Policies**

#### **Campus Security Personnel & Relationship with Local Law Enforcement**

The University does not have a campus security or police department.

While the University does not have any written agreements with local law enforcement agencies, it does maintain a working relationship with local police on a case-by-case basis. Heidelberg PD has an office at Bahnstadt and Weststadt and there is regular police

patrolling in the area, also due to the ongoing construction sites around the campus location.

Contact information for the local law enforcement:

Polizeirevier Heidelberg-Mitte  
Rohrbacher Str. 11, 69115 Heidelberg  
Dial 110

## **Campus Security Authorities**

The University has designated certain officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They in turn will ensure that the crimes are reported for collection as part of the University's annual report of crime statistics. The campus security authorities to whom the University would prefer that crimes be reported are listed below.

- Campus Director at +49 6221-45810
- Provost at +34 616 976 224

## **Reporting a Crime or Emergency**

The University encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the University, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged when the victim of a crime elects to, or is unable to, make such a report.

Crimes in progress, crimes that have just occurred, and non-criminal emergencies should be reported immediately to one of the following emergency communications centers. All these emergency communications centers are staffed 24 hours a day by trained public safety dispatchers. The dispatchers will assign the appropriate law enforcement, fire and rescue, or medical service to respond.

- Police 110
- Fire and Rescue 112
- Ambulance 112

Non-German speaking callers should call the European Emergency service at 112 to speak with an English or European language dispatcher for any police, fire and rescue, or medical emergency.

Non-emergency reports, calls, or inquiries should be directed to the appropriate business telephone number(s) for the appropriate agency:

- Police +49 0800 6 888 000

- Medical +49 116 117 or +49 0800 002 28 33

Whenever possible, the actual victim or witness of the crime should call directly. Firsthand information is always more accurate and complete. If someone merely gives you the information and leaves, please include the name and contact information of the source. Timely and accurate reporting of crimes assists investigations and helps develop timely warnings for the campus.

When calling to report a crime or incident, please be ready to give information needed to dispatch emergency services:

- Name of the caller
- Contact information of the caller
- Description, or nature, of the incident
- Location of the incident
- Time of the incident
- Number of victims or people involved
- The state of the victims
- The caller should not hang up until told to do so by the dispatcher. Additional information may be asked for such as:
  - Did the suspect have a weapon?
  - Where and when was the suspect last seen?
  - What did the suspect look like (e.g., gender, race, age, height, weight, hair color/length, clothing, facial hair, tattoos, or scars)?
  - Was a vehicle involved?

Students and employees are encouraged to report crimes to the appropriate law enforcement agency. The Campus Director, Academic Advisor, and other campus administrators will assist students to report crimes or incidents, to the appropriate police agency, if requested. Schiller International University policy requires that when a crime or student code of conduct violation occurs on campus it is to be reported as soon as possible, so that an accurate incident report can be filed. Crimes may be reported to the administrators listed above who will ensure that the information will be used for processing timely warnings and preparing the annual statistical disclosure.

Anonymous incident reports can be made through the website: <https://schiller-international-university.personiowhistleblowing.com/>.

## **Confidential Reporting**

The University will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim's identity.

Pursuant to the University's sexual harassment policy, when an employee who is not a confidential resource becomes aware of alleged misconduct under that policy (including, but not limited to, dating violence, domestic violence, sexual assault, and stalking), the

employee is responsible for reporting that information, including the status of the parties if known, to the Title IX Coordinator. A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the University disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority. Upon the victim's request, a report of the details of the incident can be filed with the University without revealing the victim's identity. Such a confidential report complies with the victim's wishes but still helps the University take appropriate steps to ensure the future safety of the victim and others. With such information, the University can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community as to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the University.

The University does not employ any pastoral or professional counselors and thus does not have procedures for these positions to inform the persons they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

### **Security of and Access to Campus Facilities**

All academic buildings are secured during the evenings and weekends. Then, access to the buildings is only allowed for faculty/staff members and students who are accompanied by faculty/staff members.

The residence halls are locked automatically. Security officers are patrolling the dorm buildings at night, performing random "walk-throughs" in residence halls from 11:30 p.m. until 6:00 a.m. each night. The officers also patrol surrounding areas.

Students and employees are asked to be alert and to not circumvent practices and procedures that are meant to preserve their safety and that of others.

- Do not prop doors open or allow strangers into campus buildings that have been secured.
- Do not lend keys or access cards to non-students and do not leave them unattended.
- Do not give access codes to anyone who does not belong to the campus community.

Keys to the offices and classrooms on campus will be issued to employees only as needed and after receiving the proper authorization. Each department supervisor is responsible for assuring his/her area is secured and locked.

Employee and student identification cards may be used to verify the identity of persons suspected of being in campus facilities without permission.

### **Security Considerations in the Maintenance of Facilities**

The Campus Administration works with the facility management to identify maintenance issues on campus that may be safety hazards. Safety checks are completed on a regular

basis to identify any risks that may disrupt student life and overall safety. All University faculty and staff are responsible for reporting maintenance and other safety issues to the Campus Director as soon as possible. The Campus Director will then report on the issue to facility management. This will help ensure that all lighting, door, sidewalk, parking lots, and other areas are kept in good working order.

### **Educational Programs Related to Security Awareness and Prevention of Criminal Activity**

The University seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. These programs are discussed below.

The University provides information regarding the University's security procedures and practices at orientation for students and during onboarding for employees. This information is also made available electronically. Among other things, it advises students and employees of the importance of reporting criminal activity, to whom crimes should be reported, being responsible for their own safety and the safety of others, and practices regarding timely warnings and emergency notifications.

Crime prevention programs are also presented each semester by Student Services. In addition, email blasts are periodically sent out to students and employees with crime prevention and other safety tips. Safety considerations and procedures for specific risks, e.g. storms, demonstrations, and pandemics, are addressed to students and employees as they occur.

### **Monitoring Off Campus Locations of Recognized Student Organizations**

The University does not have any officially recognized student organizations with off campus locations and therefore does not monitor or record criminal conduct occurring at such locations.

### **Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense**

Upon written request, the University will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.

## **Drug and Alcohol Policy**

Schiller encourages safe, responsible behavior toward alcohol. All students are personally responsible for their behavior, and all students should consider themselves responsible for the safety of themselves and all fellow students. The possession, use, consumption, manufacture, sale, or distribution of alcohol by anyone under the legal age is strictly prohibited and could result in both criminal charges in accordance with German law and university judicial proceedings in accordance with the student code of conduct. The University enforces the French underage drinking law.

The sale or distribution of alcohol by anyone to a person under the legal age is strictly prohibited and could result in both criminal charges in accordance German law and university judicial proceedings in accordance with the student code of conduct.

The possession, use, or consumption of alcohol by, or its distribution to, a visibly intoxicated person is prohibited and could result in both criminal charges in accordance German law and University judicial proceedings in accordance with the student code of conduct.

Students are required to follow the German legislation regarding alcohol and drugs.

The Campus Director as the assigned "Security Official" is not a police force and has no arrest authority. Campus Security Official is however authorized to contact local law enforcement to report violations of law. Campus Security Official can also refer violations of Federal and State Law and university policy to the appropriate administrators for potential disciplinary action.

The minimum age for the purchase and consumption of alcohol in Germany is 16. Germany also has some of Europe's most stringent drink/drive regulations. One can expect to be breathalyzed if involved in any accident or incident. Fines and imprisonment can follow. *Heidelberg legislation on alcohol can be found at Germany's local legislation on alcohol:* <https://dejure.org/gesetze/JuSchG/9.html>.

### **GERMAN LAW**

#### **§ 9 "Alkoholische Getränke" (Alcoholic beverages)**

For other alcoholic beverages (e.g. beer and wine), the clause stipulates that children and young adults under the age of 16 are not allowed to buy and consume in public.

An exception applies if a young adult (as of 14) is accompanied by a person with the right of custody.

The University upholds German drug laws. The possession, use, consumption, sale, manufacture, or distribution of illegal drugs is prohibited on campus or as any part of the University's activities. ### University Definition of Consent

The University uses the following definition of consent in its sexual harassment policy for the purpose of determining whether sexual violence (including sexual assault) has occurred:

#### Statutory Definition of Consent

“Consent” means intelligent, knowing, and voluntary consent and does not include coerced submission. “Consent” shall not be deemed or construed to mean the failure by the alleged victim to offer physical resistance to the offender.

#### Definition Dating Violence

Dating violence is described by the Center for Relationship Abuse Awareness as a pattern of abusive and coercive behaviors used to maintain power and control over a former and current intimate partner. Dating violence can be psychological, sexual, physical and/or emotional. Can be a criminal act according to § 223 STGB. See further definition: Sexual Assault.

#### Definition Domestic Violence

Physical, sexual or psychological aspects between human beings sharing accommodation refers to acts of violence (irrespective of the scene of the crime and whether or not you live together) between people in a relationship that

- is still ongoing
- is in the process of breaking up or
- has already broken up

or between people that

- are related to each other, insofar as these are not crimes against children. Domestic violence (even observed violence) poses a risk to a child’s welfare. \*

\* Common definition according to the Senatsverwaltung für Inneres und Sport/  
Senatsverwaltung für Justiz (Senate Administration for Interior and Sport/Senate  
Administration for Justice) 10/2001 Criminal act (§§223, 185 and 238 STGB).

## **Definition Sexual Assault**

Behavior not respecting the other person's integrity; can be physically or verbally Criminal act (§ 184 STGB).

This includes rape, fondling, incest and statutory rape.

### **1.1 Definition of rape**

The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

### **1.2 Definition of fondling**

The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age and/or because of his/her temporary or permanent mental incapacity.

### **1.3 Definition of incest**

Non forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

### **1.4 Definition of statutory rape**

Non forcible sexual intercourse with a person who is under the statutory age of consent.

## **Definition Stalking**

Bothering someone persistently; can lead to physical or psychological damage of the victim. Sexual assault or violence is any form of physical harm or the threat to another person from a sexual point of view. Today, the term "sexual assault" is often replaced by the term "sexual violence" to make it clear that it is violence and not an act of consented sex.

According to German statutory definition of Criminal act – prison up to 3 years or higher, if danger for the victim or fine.

## **Sex Offender Registry**

There is currently no Sex Offender Registry in Germany. State registry of sex offender information however may be accessed at the following link:

<https://www.europol.europa.eu>.

## **Statutory Penalty Ranges**

Germany has a judiciary system without sentencing guidelines or sentencing commissions. Therefore, there is - in general - significant room for judicial sentencing discretion.

However, for every single type of offence a concrete statutory sentencing range is provided. In addition, these ranges differentiate between the specific circumstances under which the offense has been committed. This applies in particular for serious offences like sexual abuse of adults or minors, trafficking in drugs, robbery, bribery or arson. In these categories of offences, a number of specific aggravating and mitigating circumstances with specific statutory sentencing ranges is provided.

### **Sexual abuse (of adults)**

Sexual assault by use of force or threats: imprisonment from one to fifteen years; rape: imprisonment from two to fifteen years; sexual assault by carrying a weapon or by placing the victim in danger of serious injury: imprisonment from three to fifteen years; sexual assault by using a weapon or seriously injuring the victim or placing the victim in danger of death: imprisonment from five to fifteen years; Sexual assault causing the death of the victim by reckless disregard: imprisonment from ten to fifteen years or imprisonment for life.

### **Violence against Women Act (VAWA)**

The Violence Against Women Act of 1994 is a US Federal Law under Title IV § 40001-40703 of the Violent Crime Control and Law Enforcement Act, HR 3355, signed by President Clinton on September 13, 1994.

Any one experiencing violence or harassment should report this to the Campus Director or to the local Police immediately.

### **Risk Reduction**

If you find yourself in an uncomfortable sexual situation, these suggestions may help you reduce your risk:

- Make your limits known before going too far.
- You can withdraw consent to sexual activity at any time. Do not be afraid to tell a sexual aggressor “NO” clearly and loudly.
- Try to remove yourself from the physical presence of a sexual aggressor. Be direct as possible about wanting to leave the environment.
- Grab someone nearby and ask them for help.
- Be responsible for your alcohol and/or drug use. Alcohol and drugs can lower your sexual inhibitions and may make you vulnerable to someone who views an intoxicated/high person as a sexual opportunity.
- Attend parties with friends you trust. Watch out for your friends and ask that they watch out for you.
- Be aware of someone trying to slip you an incapacitating “rape drug” like Rohypnol or GHB.

If you find yourself in the position of being the initiator of sexual behavior, these suggestions may help you to reduce your risk of being accused of sexual assault or another sexual crime:

- Remember that you owe sexual respect to the other person.
- Don't make assumptions about the other person's consent or about how far they are willing to go.
- Remember that consent to one form of sexual activity does not necessarily imply consent to another form of sexual behavior.
- If your partner expresses a withdrawal of consent, stop immediately.
- Clearly communicate your sexual intentions so that the other person has a chance to clearly tell you, their intentions.
- Consider "mixed messages" a clear sign that the other person is uncomfortable with the situation and may not be ready to progress sexually.
- Don't take advantage of someone who is really drunk or on drugs, even if they knowingly and intentionally put themselves in that state. Further, don't be afraid to step in if you see someone else trying to take advantage of a nearly incapacitated person.
- Be aware of the signs of incapacitation, such as slurred speech, bloodshot eyes, vomiting, unusual behavior, passing out, staggering, etc.

It is also important to be aware of the warning signs of an abusive person. Some examples include:

- Past abuse
- Threats of violence or abuse
- Breaking objects
- Using force during an argument
- Jealousy
- Controlling behavior
- Quick involvement
- Unrealistic expectations
- Isolation
- Blaming others for problems
- Hypersensitivity
- Cruelty to animals or children
- "Playful" use of force during sex
- Jekyll-and-Hyde personality

**Bystander Intervention** – A bystander is a person who is present but not involved: an onlooker or spectator. Bystander Interventions are in-the-moment interventions where those around an individual or group who are engaging in risky or dangerous behavior, intervene in an attempt to prevent harm.

In addition to reporting incidents to appropriate authorities, below are some ways in which individuals can take safe and positive steps to prevent harm and intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking against another person.

- Look out for those around you.
- Realize that it is important to intervene to help others.
- Treat everyone respectfully. Do not be hostile or an antagonist.
- Be confident when intervening.
- Recruit help from others if necessary.
- Be honest and direct.
- Keep yourself safe.
- If things get out of hand, don't hesitate to contact the police.

Steps to intervening include:

- Notice the event or issue
- Determine whether the issue is an emergency or problem
- Take responsibility
- Know what to do
- Take action by directly assisting the victim, detouring the action, or reporting the activity to appropriate authorities

An incident may qualify as rape or sexual assault regardless of whether the victim knows the assailant; the degree of physical or verbal resistance offered by the victim; the presence or absence of physical injuries to the victim; or the presence or absence of the victim's previous voluntary association, sexual or otherwise, with the assailant.

Sexual assault includes any form of nonconsensual sexual intercourse committed by physical force, coercion, threat or intimidation, actual or attempted and includes (but is not limited to) any or all of the following behaviors: oral, vaginal, or anal intercourse; sexual touching, exhibitionism, sexual contact with someone who is incapable of consent; and sexual contact with someone who has resisted verbally or physically.

#### *Other Information Covered by the PPAP*

The PPAP also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

#### **Ongoing Prevention and Awareness Campaign:**

The University also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

## **PPAP and OPAC Programming Methods:**

The PPAP and OPAC are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the University. Methods include, but are not limited to presentations, online training modules, distribution of written materials, periodic email blasts, and guest speakers. A summary of this programming is provided below.

- New students receive education on the prevention of dating violence, domestic violence, sexual assault, and stalking through a presentation by the Office of Student Services during orientation. All new employees are required to complete an online training module on these topics upon hire and are required to retake the online training each year.
- As part of its ongoing campaign, the University uses a variety of strategies, such as in-person presentations by sexual assault organizations, emails blasts with pertinent information, portal announcements, etc. While programming occurs throughout the year, the University also offers educational sessions and literature in coordination with nationally recognized observances such as Sexual Assault Awareness Month and Domestic Violence Awareness Month.

## **Procedures to Follow if You are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:**

If you are a victim of dating violence, domestic violence, sexual assault, or stalking go to a safe place and call 110 or the Campus Director at +49 6221-48510. You may also contact the University's Title IX Coordinator at +1 (813) 323-3353.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

### **Preservation of Evidence & Forensic Examinations**

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence.

Don't bathe or wash or otherwise clean the environment in which the assault occurred. You can obtain a forensic examination at

Nearest Hospital:  
Salutem Praxisklinik  
Eppelheimer Str. 8  
+49 6221 3929114

Completing a forensic examination does not require you to file a police report, but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

#### Security/Law Enforcement & How to Make a Police Report

- Polizeirevier Heidelberg-Mitte Römerstraße 2-4 69115 Heidelberg Emergency: Dial 110 Telefon: +49 6221 991700
- If you have been assaulted by a member of the University community or on campus by a non-community member, you may file a complaint by contacting one of the following people directly: • Campus Director at +49 6221-45810 • Title IX coordinator at +1 (813) 323-9082 • Off-campus emergency services can be reached calling 110

#### Information about Legal Protection Orders

When a protection order is granted in Germany, it is enforceable nationwide. If you have obtained a protection order and need it to be enforced in your area, you should contact the local police commissariat.

The University will also enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil, or tribal court. Any student or employee who has a protection order or no contact order should notify the Title IX Coordinator and provide a copy of the restraining order so that it may be kept on file with the institution and can be enforced on campus, if necessary. Upon learning of any orders, the University will take all reasonable and legal action to implement the order.

The University does not issue legal orders of protection. However, as a matter of institutional policy, the University may impose a no-contact order between individuals in appropriate circumstances. The University may also issue a "no trespass warning" if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

Normally, the process of requesting a protective order in Germany is as follows:

- The court can issue a restraining order against the offender relating to abuse, threats, harassment and contact in accordance with Section 1 of the German Protection from Violence Act (GewSchG).
- For children, Section 1666 of the German Civil Code (BGB) is applicable. For example, "the offender" can be prohibited from contacting you, approaching your workplace, school or home.
- Police are informed about these orders in accordance with Section 1 of the German Protection from Violence Act (GewSchG).
- If the offender violates a protection order in accordance with Section 1 of the German Protection from Violence Act (GewSchG) he is committing an offence.
- In this case, you can call (again) the police and file a complaint.
- You can also apply to the court to impose the payment of a fine. In some instances, he might even be taken into custody.

### **Available Victim Services:**

Victims will be provided with written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the University and in the surrounding community. Those services include:

- Health resources provided: Monika Weuster (Student Services), [monika\\_weuster@schiller.edu](mailto:monika_weuster@schiller.edu)
- Counseling services provided: Nina Gramlich, [info@psychotherapie-gramlich.de](mailto:info@psychotherapie-gramlich.de)
- Student Financial Aid – Sometimes a victim of a crime may feel the need to take a leave of absence from school. If a student is considering a leave of absence based on the circumstances of a complaint, he/she should understand there may be financial aid implications in taking such leave. This should be discussed with financial aid personnel, and the Title IX Coordinator can assist in facilitating this conversation if desired.

- Or call Sexual Assault Service Helpline: +49 (0) 6221 833088

The following provides information regarding your options within the criminal justice system:

## **File a report**

A uniformed, on-duty police officer will take your report. He or she probably will ask a number of questions regarding the incident to be certain that he or she has all the information needed.

## **Press charges**

There is no requirement that you press charges. If sufficient evidence exists, the Prosecutor's Office may decide to press charges and may require you to testify. If you press charges, you likely will be interviewed by the police again, perhaps by a detective.

After the authorities have gathered statements and evidence, they will turn them over to the Prosecuting Attorney of the corresponding County. Based on a review of these materials, the Prosecutor will decide if the evidence is sufficient to warrant a preliminary hearing.

Choosing not to press charges immediately following an assault does not mean that you may not press charges later. However, you should be aware that your decision to delay making a report or pressing charges could make it harder for the prosecution.

## **Accommodations and Protective Measures:**

The University will provide written notification to victims about options for and available assistance in, changing academic, living, transportation, and working situations or protective measures. If victims request these accommodations or protective measures and they are reasonably available the University is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement.

A victim may also request that the alleged respondent's campus privileges be temporarily suspended (temporary suspension) until the investigation and judicial process are complete. This request can be filed with the Campus Director and if reasonable, action will be taken promptly. The Campus Director is responsible for overseeing these measures and they are applied appropriately to ensure the safety and well-being of the victim.

Requests for accommodations or protective measures should be made to the Campus Director who is responsible for deciding what, if any, accommodations or protective measures will be implemented.

Campus Director +49 6221 45810

When determining the reasonableness of such a request, the University may consider, among other factors, the following:

- The specific need expressed by the complainant.
- The age of the students involved.
- The severity or pervasiveness of the allegations
- Any continuing effects on the complainant
- Whether the complainant and alleged perpetrator share the same class or job location.

- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

The University will maintain as confidential any accommodations or protective measures provided by a victim to the extent that maintaining confidentiality would not impair the University's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement accommodation or protective measure. Such decisions will be made by the University in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide accommodation or protective order, the University will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

## **Procedures for Disciplinary Action:**

### **REPORTING PROCEDURES**

A student who has been sexually assaulted has several options for reporting the incident and receiving information and support: Report the Assault on Campus. If you have been assaulted by a member of the University community or on campus by a non-community member, you may file a complaint by contacting one of the following directly:

- Emergency Assistance - Call 110
- Campus Director +49 6221-45810
- Title IX Coordinator +1 (813) 323-3353

These University personnel can inform you of your options and provide assistance in pursuing them. You may contact them in person or by telephone. You should be aware that University personnel may likely be required to inform the police of any sexual assaults of which they become aware. Remember, it is important to preserve evidence that may be needed as evidence to prove a sexual assault.

### **DISCIPLINARY PROCEEDINGS AND POSSIBLE SANCTIONS**

Reports of sexual assaults, domestic violence, dating violence, and stalking are taken seriously by the university. Investigations and judicial proceedings are conducted in a prompt, fair, and impartial manner. Any student who is charged with sexual assaults, domestic violence, dating violence, or stalking may be subject to disciplinary action by the University in accordance with campus disciplinary procedures.

Any member of the University community may report concerns or alleged misconduct. Reports may be submitted:

- In person to SIU administrators.
- By email.
- Through SIUs confidential reporting system.

The University prohibits retaliation against individuals who report misconduct or participate in conduct processes.

### **Conduct Review Process**

The conduct review process is designed to ensure that all allegations of student misconduct are addressed in a manner that is fair, impartial, timely, and respectful of the rights of all parties involved. The process emphasizes due process, consistency, and educational outcomes, while also prioritizing the safety and well-being of the University community. University officials involved in the conduct process are trained to carry out their responsibilities objectively and in accordance with this Code.

The procedures outlined below apply to most alleged violations of the Student Code of Conduct. Certain types of misconduct (such as sexual misconduct or academic integrity violations) may also be governed by separate, related policies and procedures, which may supplement or supersede portions of this process as required by law or regulation.

### **1. Initial Assessment**

Upon receipt of a report, the Campus Director or a designated University official will conduct an initial assessment to determine whether the alleged conduct falls within the scope of this Code and whether sufficient information exists to proceed.

As part of the initial assessment, the University may:

- Determine the appropriate policy or policies under which the allegation should be reviewed.
- Assess whether interim measures are necessary to protect individuals or the community.
- Refer the matter to another University office or process when appropriate.

Interim measures are not disciplinary in nature and may include temporary restrictions, adjustments to academic arrangements, or changes to access to facilities while the matter is under review.

### **2. Investigation**

If the matter proceeds, an investigation will be conducted promptly and impartially by the Campus Director or its designee. The investigation process may include:

- Interviews with the complainant, respondent, and relevant witnesses.
- Review of documents, electronic records, and other relevant evidence.
- Collection of written statements when appropriate.

Investigations are typically completed within fifteen (15) business days of the report being received, although extensions may be granted in cases involving complexity, unavailability of parties, or other extenuating circumstances. All parties will be informed of significant delays.

### **3. Notice and Hearing**

When an investigation indicates that a hearing is appropriate, the respondent will receive written notice via official University email at least five (5) business days prior to the hearing. The notice will include:

- A summary of the alleged policy violations.
- The date, time, and location (or format) of the hearing.
- Information regarding the hearing procedures and available support resources.

Hearings are conducted by the Disciplinary Committee and may take place in person or virtually. Both the complainant and the respondent will have the opportunity to present information, identify witnesses, and respond to evidence. The Campus Director will assemble the Disciplinary Committee made up of at least three (3) people who have no previous understanding of the alleged conduct violation.

Students may be accompanied by a support person of their choosing. The support person serves as an observer only and may not participate directly in the proceedings.

#### **4. Determination and Standard of Proof**

Following the hearing, the Disciplinary Committee will deliberate in private and determine whether the respondent is responsible for violating the Student Code of Conduct. Decisions are based on the preponderance of the evidence standard, meaning that it is more likely than not that the alleged violation occurred. An individual found responsible for sexual assault may be subject to disciplinary sanctions including probation, suspension, expulsion, or dismissal.

If a violation is found, the Committee will also determine appropriate sanctions and any required educational or corrective actions.

#### **Sanctions**

Sanctions are designed to be educational and proportionate and may include:

- Written Warning.
- Disciplinary Probation.
- Educational Assignments or Training.
- Loss of Privileges.
- Suspension.
- Expulsion.
- Combination of sanctions.

Factors considered include severity, intent, impact, and prior conduct history.

#### **Notification, Records, and Privacy**

All outcomes of investigations or conduct proceedings are communicated in writing via the individual's official University email account. This ensures timely and secure delivery of important information.

The University maintains all records related to reports, investigations, and hearings in a secure manner, in accordance with applicable laws, regulations, and University policies.

Access to records is strictly limited to authorized personnel who require the information to perform their duties. Records are treated as confidential, and information is shared only on a need-to-know basis. The University takes all reasonable measures to protect the privacy of individuals involved in the process.

## **Appeals**

An appeal may be requested only on specific grounds, including:

- **Procedural Error:** A significant error in the conduct process that may have affected the outcome.
- **New Evidence:** Evidence that was not reasonably available at the time of the hearing and could materially impact the decision.

Appeals cannot be submitted simply because an individual disagrees with or is dissatisfied with the outcome. Appeals are meant to address procedural concerns or new evidence, not personal preference.

Appeals must be submitted in writing within five (5) business days of the date of the outcome notification to the Campus Director. The appeal should clearly state the grounds for review and provide supporting documentation where applicable. Decisions on appeal are final. Once an appeal decision has been issued, no further review will be conducted within the University, except as required by law.

## **Rights of the Parties in an Institutional Proceeding:**

During the course of the process described in the previous section, both the accuser and the individual accused of the offense are entitled to:

1. A prompt, fair and impartial process from the initial investigation to the final result.
  - A prompt, fair and impartial process is one that is:
    - Completed within reasonably prompt timeframes designated by the institution's policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.
    - Conducted in a manner that:
      - Is consistent with the institution's policies and transparent to the accuser and the accused.
      - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
      - Provides timely access to the accuser, the accused and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.
    - Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.

2. Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
  - Such training addresses topics such as the definition of sexual harassment; the scope of the University's education programs and activities; how to conduct investigations, hearings, and appeals and informal resolutions (as applicable); relevant evidence and how it should be used during a proceeding; proper techniques for questioning witnesses; basic procedural rules for conducting a proceeding; and avoiding actual and perceived conflicts of interest.
3. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of advisor but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.
4. Have the outcome determined using the preponderance of the evidence standard.
5. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this purpose, "result" means "any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters" and must include the rationale for reaching the result and any sanctions imposed.

### **Possible Sanctions or Protective Measures that the University May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses:**

Following a final determination in the institution's disciplinary proceeding that dating violence, domestic violence, sexual assault, or stalking has been committed, the institution may impose a sanction depending on the mitigating and aggravating circumstances involved. The possible sanctions include warning; reprimand; probation; restitution; fine; loss of privileges; housing probation; suspension or expulsion/termination; restriction on eligibility to represent the University at any official function or in any intercollegiate competition. If a suspension is imposed on a student, it may be for part of a semester, a full semester, or an entire academic year. An employee may be suspended for any length of time determined appropriately by the Campus Director and/or Director of Human Resources. Following a suspension, the individual will be required to meet with the Director of Student Services (student) or Director of Human Resources (employee) to discuss re-entry and expectations going forward.

In addition, the University can make available to the victim a range of protective measures. They include forbidding the accused from communicating with the victim, other institutional no-contact orders, security escorts, modifications to academic requirements or class schedules, changes in working situations, etc.

## **Publicly Available Recordkeeping:**

The University will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the University to the extent permitted by law.

## **Victims to Receive Written Notification of Rights:**

When a student or employee reports to the University that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the University will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

## **Sex Offender Registration Program:**

The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the University of any such information it receives. Anyone interested in determining whether such persons are on this campus may do so by contacting the Campus Director / Ms. Sanja Stevic at +49 6221-45810. State registry of sex offender information may be accessed at the following link: <https://www.europol.europa.eu>

Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- Campus Director, +49 6221-45810

Such situations include, but are not limited to tornadoes, bomb threats, chemical spills, disease outbreaks, fires, active shooters, etc. The University has communicated with local police requesting their cooperation in informing the University about situations reported to them that may warrant an emergency response.

Depending on the nature of the emergency, other University departments may be involved in the confirmation process.

Once the emergency is confirmed and based on its nature, the Campus Director will consult with other appropriate University officials to determine the appropriate segment or segments of the University community to be notified.

The Campus Director in collaboration with other appropriate personnel, will determine who should be notified, and will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also, as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location.

The Campus Director will direct the issuance of emergency notifications, which will be accomplished using one or more methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

At the direction of the Campus Director, the University will notify local law enforcement of the emergency if they are not already aware of it and local media outlets in order that the larger community outside the campus will be aware of the emergency.

## Stop Campus Hazing Policy and Programming

Hazing, which is defined as any activity expected of someone joining or participating in a group that humiliates, degrades, abuses, or endangers them, regardless of the person's willingness to participate, is prohibited by the University.

If you are a victim of hazing, go to a safe place and call 110 (Police) or 112 (Fire/Rescue or Medical).

If so, an investigator will be assigned to gather information and conduct interviews, as appropriate. The investigator will report any findings and make a recommendation for sanctions as appropriate to the relevant administrator for implementation. The institution strives to complete the investigation within 30 days.

An individual may appeal the decision to the University President within 5 days of being notified of the decision. The appeal officer will render a decision within 14 days of receiving an appeal. The appeal officer's decision is final.

## **Hazing Prevention and Awareness Program**

The institution provides prevention and awareness programming related to hazing at orientation and annually through in-person training, brochures, and periodic awareness campaigns. The community is reminded that hazing is prohibited and is provided with information regarding how to file a report how reports of hazing are investigated and information regarding local, state and tribal laws on hazing.

In addition, the institution provides research-informed programming for students and employees that covers a wide range of information designed to stop hazing before it occurs. It includes information regarding bystander intervention, such as how to take steps to watch out for those around you, as well as information regarding ethical leadership. Community members are also provided with information regarding how to strengthen group ties without engaging in hazing behavior.

### **Policies on Portable Appliances, Smoking and Open Flames**

The use of open fires, such as burning of such things as incense, and smoking are prohibited in student housing. Only surge-protected extension cords are permitted. Only the following portable cooking appliances are permitted to be used in campus housing: toaster, microwave, stove, kettle. Also, tampering with fire safety systems is prohibited and any such tampering may lead to appropriate disciplinary action

The University reserves the right to make periodic inspections of campus housing to ensure fire safety systems are operational and that the policy on prohibited items is being complied with. Prohibited items, if found, will be confiscated and donated or discarded without reimbursement.

### **Fire Evacuation Procedures**

In the event of a fire, the University expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is nearby) as they leave. If circumstances permit at the time of the alarm, additional instructions will be given regarding where students and/or staff are to relocate. Call 112.

### **Fire Education and Training Programs**

Fire safety education programs for all residents of student housing and all employees with responsibilities related to that housing are held at the beginning of each academic year. Their purpose is to: familiarize everyone with the fire safety system in each facility, train them on procedures to follow if there is a fire and inform them of the University's fire safety policies. Information about maps of each facility's evacuation route and any fire alarms and fire suppression equipment available in the facility are offered at the local facility management office. Any student with a disability is given the option of having a "buddy" assigned to assist him or her.

## **Reporting Fires**

The University is required to disclose each year statistical data on all fires that occurred in on-campus student housing. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. If you encounter a fire that presents an emergency situation, ensure your own safety and then please call 911.

There may also be instances when a fire is extinguished quickly, and an alarm is not pulled or a response by the fire department was not necessary. It is important that these incidents be recorded as well. Therefore, if you are aware of such a fire, see evidence of one or hear about one, you should contact Student Services - Housing at +49 6221 45811-6. When providing notification of a fire, give as much information as possible about the location, date, time and cause of the fire.

## **Plans for Future Improvements**

Following annual fire drill, the University with support from the building fire safety maintenance team has introduced a "Checklist" and "Additional Guidance and Instructions" document to the campus administration for future implementation of improvements.

Following the annual fire drill, the building fire safety maintenance team will update the "Checklist" and the "Additional Guidance and Instructions" documents to assist the University with improving its fire safety and response plans.
